

Technical Specification Sheet

SNAP ON CIRCUIT BREAKER LOCKOUT

Suitable for various single-pole and multi pole circuit breakers with a built-in tripping device.

Use the wing screws to fix the lock on the switch knob; then fasten the stop cover on the wing screw and lock it out to avoid loosening;

The brand new blade type design applies less force onto the wing screw but makes engagement tighter; The removable clamping plate (included) further expands

the scope of application

1 locking hole

Accepts shackle up to: 7.5mm,

Inner Rectangular slot (teeth part): 16.5mm X 12.2mm

Nose width 4.2mm (thin line), 30mm (thick part)

LS - BR43
