PRODUCT PICTURE:

It can be recharged. It needs 4-6 hours for charging. (the charger and rechargeable battery are ordered additional)
.Rechargeable Battery Kit,Allows recharging without removing the battery. Includes environmentally friendly Cadmium free Ni-MH batteryand charger.

PRODUCT PICTURE:

Regulatory Information: Meets international security standards for airports, prisons, and special events,regulatory requirements for electromagnetic safety. Extensive research has found no information that would indicate Garrett products have adverse effects on pregnancy, medical devices (such as pacemakers) or magnetic recording media. However, directives by physicians and medical device manufacturers regarding metal detectors should be followed.
