

The Pinnacle premium lime/orange two tone reflective vest is designed for superior visibility and safety. This vest features bright lime and orange colors combined with high-visibility reflective strips to ensure maximum visibility in low-light conditions. It is made from durable, lightweight materials for comfort during extended wear and includes a front zipper for easy on and off.

The vest often comes with multiple pockets for storing tools and essentials, making it ideal for construction workers, road crews, and other professionals needing enhanced visibility and functionality on the job.
