

Snake Catcher

Falcon Snake Catcher is suitable for farmers, gardeners, mountaineers and snake lovers, etc. This snake catcher is to catch the live snakes safely. Soft catch grips do not hurt the snake and the long pole keeps away at the safer distance. It is light weight and easy to use. This snake catcher is made of high quality steel blade to ensure its durability, high strength and solid structure. This catcher is an indispensable tool to catch the snakes and is available in two sizes, i.e. 4 feet and 6 feet.
