PRACTICAL INFORMATION

Individually packed in cartons of 25 pieces

CERTIFICATIONS

in accordance with EU Regulation 2016/425

EN 11611:2015
CLASS 2 / A1+A2

Cleaning & Maintenance

Leather aprons should not be left in a contaminated condition if re-use is intended especially if potential hazards exist.
The apron should be decontaminated before storage and re-use as indicated below:

- Brush excess dirt and contaminant off.
- Wipe with a damp rag, soaked in mild detergent.
- Dry leather apron with a clean soft rag to remove excess detergent and allow to air dry thereafter. Stiffening of the leather may occur.
