

3M™ Particulate Respirator, 9010, N95

Key Features

- NIOSH approved N95 rating
- Adjustable nose clip
- Vertical flat-fold design
- Soft cover web on inner panel
- Individually packaged

Material Composition

- Headband – Polyisoprene
- Nose Clip – Aluminum
- Filter – Polypropylene
- Coverweb – Polypropylene
- Stiffener - Polypropylene
- This respirator contains no components made from natural rubber latex

Country of Origin

Made in China

Use For

- Use for solid particulates and liquid mists in concentrations not exceeding 10X PEL/OEL
- Always follow *User Instructions* and use in manners as indicate

Do Not Use For

- DO NOT use for gases and vapors, oil aerosols, asbestos, arsenic, cadmium, lead, 4,4-methylene dianiline (MDA), or abrasive blasting
- DO NOT use for particulate concentrations exceeding 10X PEL/OEL
- DO NOT use in any manner not indicated in the User Instructions

Approvals and Standards

- NIOSH approved N95 particulate respirator
- Meets NIOSH 42 CFR 84 N95 requirements for a minimum 95% filtration efficiency against solid and liquid aerosols that do not contain oil.
- NIOSH approval number: TC-84A-4243
- Assigned Protection Factor (APF 10) per US OSHA and Canada CSA

3M™ Particulate Respirators 9010, N95

Adjustable Noseclip

Helps provide a custom fit and secure seal.

Stapled Elastic Headbands

Contains no natural rubber latex components.

3M Proprietary Filter Media

Helps make breathing easier.

Flat-fold design and individual packaging provides convenient storage and portability

Potential Application/Industries

- Sweeping
- Sanding
- Grinding
- Sawing
- Bagging
- Dry chemical handling
- Emergency preparedness
- Laboratories
- Food preparation
- Mineral processing
- Agriculture
- General maintenance

Fit is an important aspect of respirator performance. In the United States and Canada, mandatory respirator wearers must undergo fit testing, per OSHA and other applicable requirements. This respirator was originally designed to fit facial features common in China and may not have as high a fit test pass rate as respirators that were originally designed to fit facial features common in North America.

Ordering Information:

Description	UPC	ID#	Respirators/Box	Boxes/Case	Each/Case
Particulate Respirator 9010, N95	50051131919292	700108607	50	10	500

WARNING

These respirators help protect against certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. Follow all local regulations. In the U.S., a written respiratory protection program must be implemented meeting all the requirements of OSHA 29 CFR 1910.134, including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. Misuse may result in sickness or death. For proper use, see packaging instructions, supervisor, or call 3M PSD Technical Service in U.S. at 1-800-243-4630 and in Canada at 1-800-267-4414.
