Product Code

C0D612

Available in Colours

Green
C0D612

Description

- Recessed Blade - highest level of safety
- Replaceable blade
- High carbon steel blade
- Bladeless metal tape splitter
- High visibility green
- Easy clip on pocket clip for increased retention
- Easy tool-free blade change
- Durable metal head

The EZR Replaceable Concealed Blade Safety Cutter features a recessed blade, which ensures the highest level of safety. Unlike most utility knives and cutters with exposed blades, the blade in the EZR is set back into the sturdy metal head of the cutter, providing complete protection to the user. For added safety, the EZR features a metal bladeless tape splitter which allows users to open boxes without even utilizing a blade. Unlike other similar type options which are disposable, this cutter has replaceable blades. The versatile EZR effortlessly cuts cardboard boxes, shrink wrap, plastic strapping, box tape, zip-ties and more. To further improve productivity and reduce time spent searching for misplaced tools, workers can clip this cutter unto a belt or clothing, and it also features a lanyard hole for tethering to a PHC lanyard for better retention.
