- Dimensions : 2.875"L x 1.875"D x 1.875"H

Box Cutter Safety Knife Easy Cut 5000 & 6000 Replacement Blades

Easy Cut blades are manufactured with the highest quality steel and provide up to three-times longer lasting use. A special, patented radius blade tip helps to prevent injury and product damage when cutting. Blades do not chip and offer a sharp edge for up to 5000 feet of cuts, slicing through cardboard cleanly and easily every time! Easy Cut blades come in an easy-to-open dispenser, also used to store depleted blades for future recycling. A shipping label is provided inside the box to return blades when they have all been used. Each individual packet contains 3 blades: 1 for Easy Cut's main blade carriage, and 2 for the handy spare blade compartment. (81 total blades per dispenser)
