

CN 95 Style Convex Seam

Classic collapse resistance shell, seamed filter cover

Maintains the shape for fit and provides high protection

- Stay cool butterfly vent valve**
- Provides breathing comfort and promotes easy communication
 - Effective removal of heat build-up

NIOSH Approved N95 respirators

With American Approval

- N95 Class
- Filters >95% solid particles

Superior microfibre media

Provides protection against sub-micron particles, fine dusts, non oil based liquid mist and biological agents e.g. TB, SARS and pandemic influenza

Convex seam style

- Classic collapse-resistant shell with seamed filter cover
- Maintains high integrity of filter media

Bi-lingual user instructions

For easy acceptance by different wearers

Stay cool butterfly vent valve

- Provides breathing comfort and promotes easy communication
- Effectively removes heat build-up

Aluminum nose clip

- Leak-proof fit
- Disallows fogging of eyewear

Nose liner

- Prevents leakage
- Provides fit and comfort

Unique fit adjusters

(except CN95+ & CVN95+)
Provides optimum protection & comfort

Elastic sewn outside filter area

- Leakproof
- Avoids puncture

Braided textile elastic

- Diminishes risk of reactions to skin allergy
- Does not deform with repeat wears, high temperature

Compatibility

Compatible with Venus head protection and eye protection devices
