

Heavy Duty Gloves

MIG / MMA Glove Range

M1050

M2000

M3050

Heavy Duty Aluminized

A comprehensive range of professional heavy-duty MIG / MMA welding gloves with premium materials and upgraded features and options. From a simple, occasional-use split leather Stick welding glove such as the M1050, right through to the M3050 premium, all-day MIG glove, the ESAB heavy duty range covers all levels of welding protection.

All options feature a wide and rugged split leather gauntlet cuff with added levels of comfort and durability through premium top leather and strategically-placed split leather where it's needed most.

An aluminized glove is also available when welding in the most extreme situations.

- Durable, premium split leathers to withstand MIG / Stick welding abuse
- Kevlar® stitching throughout
- Weltd seams
- Reinforced thumb on select models
- Wide split leather cuffs allow fast removal

Visit **esab.com** for more information.
