

Construction	Knitted
Liner Material	Polyester
Coating Material	Nitrile
Finishing	Palm Coating
Gauge	13
Cuff Style	Knit wrist
Size	6,7,8,9,10,11
Length(mm)	240 mm
Packing	12 pairs in a bag 600 pairs in a bag

IDEAL APPLICATIONS

- Maintenance
- Packaging
- Light Assembly task
- Warehouse work
- General Handling

INDUSTRIES

- Automotive
- Machinery & Equipment
- Metal Fabrication
- Building
- Construction & Industry

CATEGORY II

Standard and Certifications

DESCRIPTION

UN-101 industrial gloves feature tough palm-dipped nitrile coating, perfect for light-duty manufacturing and maintenance applications. Nitrile coating also ensures excellent abrasion resistance – meeting EN level 4 standards – and secure, assured grip in dry and moderately oily conditions.

U3 Technology knitted polyester gloves
