

MOBILIZE EVAC902 EVACUATION CHAIR

- The MOBILIZE EVAC 902 evacuation chair is capable of various forms of evacuation. Suitable for 1 or 2 person operation, our track belts give the user ultimate control descending evacuation and features carry handles enabling the chair to be carried upstairs.
- The MOBILIZE EVAC902 is a dual-position emergency evacuation wheelchair that permits the safe egress of mobility impaired persons from a building in the event of an emergency or evacuation. Designed to provide smooth and safe ascent and descent, the MOBILIZE EVAC 902 model incorporates 2 carry-handles that allow for two-person operation for locations with difficult access. No matter if you need upward or downward evacuation assistance, this high-performance emergency evacuation wheelchair can perform both with ease. Therefore, you can have full confidence that our products will exceed your expectations in any rescue situation.
